Price per person

Cradle of Humankind – Glenburn Lodge

We have different prices based in accordance with the recommended all up weight stipulated by the manufacture.

The weight is based on a couples combined weight of no more than 170kgs.

If over this combined weight, please see the price for excess weight. This allows us to reduce the number of passengers on board and guarantee that we will not overweight our balloons.

2019:- 86>120 kg price per person R 2775.00 – 10% = R 2497.50

2019:- 36>85 kg price per person R 2250.00 – 10%= R 2025.00

2019: -Child > 35Kg price per person R 1275.00 – 10% = R 1147.50

Due to ballooning being weather related please choose a payment method to secure your bookings

INCLUDED IN YOUR FLIGHT

An hour sunrise flight, Sparkling wine and/or Orange Juice on landing, and a breakfast back at venue commemorative certificate will be emailed. Please arrange own transportation to and from the venue.

PHYSICAL CONSIDERATION

All passengers must be capable of standing for the duration of the flight, and enter and exit the basket unassisted.

If there is any question regarding your physical health limitations, please consult your doctor and advise us of your concerns before confirming a booking. We will do all we can to accommodate prospective passengers.

We consider it unsafe to fly when pregnant or any form of brittle bone disease. The pilot in charge of the flight must make the decision and has the right to ask you not to participate in this particular flight due to the wind conditions which may cause a bumpy landing.

CHILDREN:

Should be 1.200 meters tall to see over the basket. Children under 16 years of age must be accompanied by a legal guardian.

BASKET SIZES:

We do not fly small private flights with passengers in the same compartment as the pilot as we do not consider this a safe flight for paying passengers

All our baskets are double T shaped with the pilot's cockpit in the center of the balloon. I will always try my best to place you and your partner in the same compartment or on the same side of the balloon and not split you.

Please be aware that when the pilot burns to maintained heat in the envelope, it is noisy so meaningful communication will have to take place on landing with a glass of sparkling wine in hand.
